## Endnotes

This section contains the endnotes for the Quarterly Report to Congress. They are listed numerically and consecutively, both in the Report and in the following section.

1. In this Report, unless otherwise noted, IRRF refers to the \$18.4 billion of funds appropriated under Title II of the Emergency Supplemental Appropriations Act for Defense and for the Reconstruction of Iraq and Afghanistan, 2004 (P.L. 108-106). The SIGIR's statutory duties are directly linked to this appropriation, which is funding current relief and reconstruction programs and operations in Iraq. It is distinguished from the \$2.475 billion appropriation to the IRRF under the Emergency Wartime Supplemental Act, 2003 (P.L. 108-11). This appropriation is identified in this Report as IRRF (2003).

15. *Qui tam* is an abbreviation of a Latin phrase that translates "Who sues on behalf of the King as well as for himself." The *qui tam* provision of the False Claims Act allows private citizens who know of people or companies that are defrauding the government to sue on the government's behalf and share in the proceeds of the suit. Citizens who bring these causes of actions are called *qui tam* relators or whistleblowers. 31 U.S.C. § 3729 *et seq.*
16. *Vested funds* are Iraqi funds confiscated, under an Executive Order, from bank accounts held in the name of the Government of Iraq and its various agencies and instrumentalities. See International Emergency Economic Powers Act (IEEPA), 50 U.S.C. §§ 1701 *et seq.*, as amended. The IEEPA provides that "all right, title, and interest" in the seized property shall vest in any agency or person the President designates. The President issued two Executive Orders in 2003 directing that certain Iraqi assets should vest in the U.S. Treasury. See Confiscating and Vesting Certain Iraqi Property, Exec. Order No. 13290, 68 Fed. Reg. 14307 (Mar. 24, 2003), Executive Order Blocking Property of the former Iraqi Regime, its Senior Officials and their

Family Members, and Taking Certain Other Actions, Exec. Order No. 13315 of Aug. 28, 2003, 68 Fed. Reg. 52315 (September 3, 2003).

17. *Seized funds* consist of Iraqi state- or regime-owned cash, funds, or realizable securities that were found and seized by Coalition Forces in Iraq as an occupying force in accordance with the laws and usages of war. The President, in his delegation of authority to seize these assets, directed that the seized funds be used “only to assist the Iraqi people and support the reconstruction of Iraq, consistent with the laws and usages of war.” See Memorandum from President George W. Bush to Secretary of Defense Rumsfeld (April 30, 2003).
18. The Development Fund for Iraq was established by the United Nations and the Coalition Provisional Authority to fund relief and reconstruction efforts in Iraq. It includes (1) deposits from surplus funds in the U.N. “Oil for Food” program, (2) revenues from export sales of Iraqi petroleum and natural gas, (3) international donations, and (4) repatriated Iraqi assets seized by the United States and other nations. See Coalition Provisional Authority, Regulation No. 2, *The Development Fund for Iraq*, §3, as amended (June 15, 2003), available at <http://www.iraqcoalition.org/regulations> (last visited July 18, 2005).
